

LA PEDRERA (Casa Milà)

Located at number 92 of the Passeig de Gracia is the spectacular Casa Milà. Pere Milà who was instructed the great architect Antoni Gaudí building a house out of the ordinary in the most cosmopolitan street of Barcelona at the beginning of the twentieth century.

La Pedrera or Casa Milà is composed of two properties with separate entrances unified by a single clear stone facade and undulating, with large windows and a large wrought iron gate. Its elements are the distribution of these plant-free floors and the roof with chimneys modernists.
